## I. COMMON TARIFF PROVISIONS

### 1. WORKING HOURS

#### a) Regular work:

- Monday to Friday from 6:00 AM to 10:00 PM and Saturday from 6:00 AM to 2:00 PM.

#### b) Working outside working hours ( +25 % )

- Monday to Friday from 10:00 PM to 6:00 AM
- Saturday from 2:00 PM to 12:00 AM.

#### c) Working on holidays and Sundays (+ 50%)

- from 00:00 to 24:00.

2. The collection of solid and liquid waste - namely Annexes I, II, IV, V and VI of the MARPOL Convention (hereinafter referred to as: MARPOL waste) from maritime facilities (hereinafter referred to as: ships) is charged based on quantity. The minimum chargeable quantity is an indivisible m3, (e.g. 1.1 m3 of waste collected is charged as 2 m3).
3. If MARPOL waste is collected without the assistance of ship crew members, the surcharge is €15.00.
4. For the collection of MARPOL waste at anchorages and outside the Rijeka and Sušak basins, or where access by vehicles is not possible or prohibited and is only possible by vessels, an additional lump sum of €400.00 is charged.
5. The Port of Rijeka Authority reserves the right to change prices based on any changes in conditions on the external market.
6. Upon receipt of a request from the ship, the maritime agent is obliged to select one authorized concessionaire of the Port of Rijeka Authority for each Annex to the MARPOL Convention (or one for all Annexes to the MARPOL Convention, depending on the needs and types of MARPOL waste to be delivered) and forward the request for the needs of taking over MARPOL waste from the ship at least 24 hours before delivery, all in accordance with the valid Plan for the reception and handling of ship-generated waste in the area managed by the Port of Rijeka Authority.
7. Indirect fee - paid by all ships to the authorized concessionaire regardless of whether or not they deliver waste to the authorized concessionaire's port reception facility, and includes the sum of indirect administrative costs and direct operating costs.

## II. RECEPTION AND DISPOSAL OF SOLID AND LIQUID WASTE FROM SHIPS (MARPOL Annexes I, II, IV and V)

TYPE OF WASTE (D)				
WASTE DESCRIPTION			BASIS FOR CALCULATION	EUR
Biodegradable waste (Annex V. B. of the MARPOL Convention)			EUR / kg	1,50
Waste of animal origin (Annex V. G. of the MARPOL Convention)			EUR / kg	1,50
Other non-hazardous waste according to Annex V (D, E, F, H, I, K) of the MARPOL Convention			EUR /m³	95,00
Hazardous polluting waste		According to the attached table: <b>Special waste</b>		
LIQUID WASTE COLLECTION (E)				
WASTE DESCRIPTION			BASIS FOR CALCULATION	EUR
Hazardous liquid ship waste in a tank	Hazardous liquid ship waste in a tank		EUR / kg	0,20
	Oily waters (Annex I of the MARPOL Convention)		EUR / kg	0,20
	Faeces (Annex IV of the MARPOL Convention)		EUR /m³	30,00
<div>* The service includes one mandatory waste collection upon the ship's arrival, and an additional collection is carried out after every 7 days of the ship's stay in port.</div> <div>* The minimum quantity for calculating the waste received is an indivisible m3. The calculation of the service provided is carried out on the principle of the sum of B (indirect fee) + C (direct fee) + D (type of waste) + E (liquid waste collection), if the ship delivers both D and E.</div> <div>* Each additional m3 of waste is charged in accordance with the applicable tariff.</div> <div>* Warships are not obliged to deliver waste.</div>				

The calculation of the service of accepting and delivering all types of waste from ships is carried out according to the following formula:

Total service price = B + C (C1 or C2) + D + E, where B is the indirect fee, C is the direct fee, D is the type of waste and E is the collection of liquid waste (from the table above), if the ship delivers D and E.

### III. EXEMPTION ON DELIVERY OF SHIP WASTE

A ship docking in the area managed by the Port of Rijeka Authority may be exempted from obligations if there is sufficient evidence that the following conditions are met:

1. The ship sails in scheduled traffic with frequent and regular port calls;
2. There is a mechanism to ensure the delivery of waste and payment of fees at the port on the ship's route, which is:
  - 2.1. proven by a signed contract with the port or waste disposal contractor and a waste delivery certificate;
  - 2.2. communicated to all ports on the ship's sailing route;
  - 2.3. the port where delivery and payment take place, which may be a Union port or another port and where, as determined on the basis of the information provided electronically, appropriate facilities are available;
3. The exemption does not have a negative impact on maritime safety, health, living or working conditions on board the ship or the marine environment.

4. In case of approval of the exemption, the member state in which the port is located issues a certificate of exemption based on the form set out in Annex 2, which confirms that the ship meets the necessary conditions and requirements for the application of the exemption and specifies the duration of the exemption.
5. Regardless of the granted exemption, the ship shall not sail to the next port of call if there is not sufficient dedicated storage capacity for all waste generated and to be generated during the ship's planned voyage to the next port of call.
